

INTRODUCING TOUCH SCREEN VERSION OF DIGITAL TYRE INFLATOR

**INDIA'S INNOVATION: FIRST TOUCH SCREEN-BASED
TYRE INFLATOR REVOLUTIONIZING TYRE INFLATIONS**

AUTOMATIC MODE

- ▶ Intelligent Pressure Recommendation
- ▶ Preloaded with 250+ car models to suggest suitable Front and Rear Tyre Pressures

MANUAL MODE

- ▶ Flexibility of setting User desired Pressure
- ▶ Provision to set the Front and Rear Tyre Pressure as desired by the user

FRONT & REAR TYRE FILLING

- ▶ No more filling front and rear tyres separately.
- ▶ This inflator allows simultaneous inflation of unequal tyre pressures, ensuring convenience and time-saving

FEATURES & BENEFITS:

- **Effortless tyre inflation**
No need to refer owner's manual for tyre pressure data; Our Touch Screen inflator comes pre-loaded recommended tyre pressure for 250+ car models
- **User-Friendly Interface**
Our graphical user interface is intuitive and user-friendly, making tyre inflation a breeze for everyone, regardless of technical expertise
- **Saves Time**
The simultaneous tyre inflation feature of filling both Front and Rear Tyre at a time ensures fast filling and helps to save time for both customer and service provider
- **Real-Time update Engages Customer:**
During Tyre Inflation process, the 21.5" Big display is updated on real time with the status as Idle Mode, Filling Mode or Filling Complete mode which engages the customer with Real time updates.
- **Durable Industrial Grade HD Display**
It is Industrial grade display having Ingress Protection of grade IP65. It has Antiglare and 3H hard coating protection. This makes it the most rugged and durable display

INDUSTRIAL GRADE TOUCH DISPLAY

- ▶ 21.5 Inch Big Display
- ▶ 1920 x 1080 Full HD Resolution
- ▶ 1000 NITS High Brightness
- ▶ Front IP-65 Ingress Protection
- ▶ -10°C ~ 70°C Operating Temp
- ▶ Antiglare 3H Hard Coating
